**Product Description:** Permanent Link

| Component ID | Manufacturer | Part Number         | Description            |
|--------------|--------------|---------------------|------------------------|
| 1            | Fluke        | DSP LIA 101         | Permanent Link Adaptor |
| 2            | CommScope    | UNJ500-XX           | Wall Outlet            |
| 3            | CommScope    | 5E55-DataPipe-CMP   | Horizontal Cable       |
| 4            | CommScope    | 110-UN-110-WB-110PR | 110 Block              |

The components identified above have been tested and found to comply with the applicable electrical transmission characteristics specified in ANSI/TIA-568-B.1 Category 5e and ISO/IEC 11801:2002 Class D for 4 Pair 100 Ohm Category Cabling Systems.

This certificate, supported by your participation in the ETL Permanent Link Verification Program, is authorization to apply the ETL Verification Mark to the Permanent Link consisting of the components specified above. The marking shall include: ETL Verified to ANSI/TIA-568-B.1 Category 5e and ISO/IEC 11801:2002 Class D for 4 Pair 100 Ohm Category Cabling Systems Permanent Link.

Continuing compliance to this specification is monitored through production testing, quarterly inspections by Intertek at the production facility and random sample testing.

**Date ETL Verified:** 4/7/2008

**Certificate Issued By:**   
 Kathy Heath, Program Administrator

**This document is the property of Intertek ETL SEMKO and is not transferable. Only the Applicant may reproduce this document. The ETL Verified Mark may be applied only at the above noted location of the Party Authorized to Apply the Mark.**

**This document supersedes all previous ETL Verified Certificates of Conformance for the noted Certificate Number.**
